

AMERICAN ASSOCIATION OF NEUROLOGICAL SURGEONS
2009 ANNUAL MEETING

*Advances in Neurological Microsurgery:
Precision CO₂ Laser Fiber Scalpel*

You are cordially invited to join us for dinner, a technological overview,
and clinical presentations describing the use of precision CO₂ laser
fiber scalpels in Neurosurgery.

We will review the history of the CO₂ laser in Neurosurgery
and its evolution into a handheld scalpel capable of
precision intracranial and spinal tumor resection.

When: Tuesday, May 5

Where: Marriott Hotel and Marina
333 West Harbor Drive, San Diego, CA

Room: Marina Ballroom D-E

Time: 6:30pm

MODERATING:

Robert F. Spetzler, MD
